

Managing Successful Programmes (MSP) Course Outline

Module 1 – Introduction and Key Concepts
The first module of the MSP® Foundation course includes an introduction to the course and the exam. This will cover what programmes are, why programme management is necessary, common challenges, the programme environment and the three lenses.
Module 2 – Principles
This module reviews the seven principles that underpin MSP®. These seven principles are:
Lead with purpose
Collaborate with purpose
Deal with ambiguity
Align with priorities
Deploy diverse skills
Realise measurable benefits
Bring pace and value.
Module 3 – Introduction to Themes and the Organisation Theme
This module starts with a look at programme governance, the programme strategy, programme plans and the 'Plan-Do-Check-Act' cycle.
It will then start the review the seven MSP® themes:
Organisation
Design
Justification
Structure
Knowledge
Assurance
Decisions
Module 4 – The Design Theme
This session will review MSP®'s design theme which will include a discussion of:
Key documents
Vision statement
Benefits, including: Types of benefits, benefits profile, and benefits map
Risk and risk prioritisation
Target operating model
Current and future state and gap analysis
Module 5 – The Justification Theme

In this module you will review MSP®'s justification theme which involves a discussion of key documents, the funding approach, the programme brief, and the business case. This module will also discuss investment appraisals, financial contingency, business case validation and financial plans.

Module 6 – The Structure Theme

Module six considers the structure theme of MSP® and will discuss:

The key documents

Establishing an appropriate pace

Delivery planning

Multimodal delivery

Dependencies

Benefits realisation planning

Resourcing approaches

Module 7 – The Knowledge Theme

Continuing with the MSP® themes, this session on the knowledge theme will review knowledge and information, the key documents, key concepts, and information management.

Module 8 – The Assurance Theme

Considering the assurance theme, in this module you will discuss:

The key documents

The three lines of defence

Assurance planning

Success factors

The assurance steps

Module 9 – The Decisions Theme

Module nine looks at the final MSP® theme, decisions. In this module, you will review:

The key documents

Decision points

Issue resolution

Risk management

Risk responses

Data gathering and reporting

Module 10 – The Processes

The final session of the MSP® Foundation course will review the seven processes that are defined in Managing Successful Programmes. These processes are:

Identify the programme

Design the outcomes

Plan progressive delivery
Deliver the capabilities
Embed the outcomes
Evaluate new information
Close the programme
